MEMORANDUM FOR: CIA Training Selection Board

STAT

FROM:

Director Of Training and Education

SUBJECT: New Initiatives

1. There are two new initiatives in the works about which I would like to solicit the Training Selection Board's views. The first is a new effort to promote and significantly increase full-time academic or external training for Agency employees--such an objective was presented by the DDA to the Director and has the Director's support--and a resumed effort to place officers in residence at some selected college campuses. We have scheduled such a meeting for 25 September at 0830 in the DDA's Conference Room, 7D32 Hqs.

2. At Attachment A you will find a list of all the Training Selection Board programs, some budget figures, and a tentative schedule of how we would normally procede through fiscal 1987.

STAT

3. We have sent an officer, to the Aspen Institute to attend the Traditional Executive Seminar in Aspen, Colorado. He reports that the program was excellent. While on vacation, I will be spending a half day at the latest running of this seminar to get a little flavor of it for myself. The Aspen Institute has also given us the opportunity to send an individual to the from 14-17 September for a three day preview of what they do. Attachment B provides a schedule of planned activities. This sounds like an interesting interlude for an officer. If anybody is personally interested in going, or if you know anybody whose opinions you trust on such matters, and you would like to send, please get in touch with
